

**REMARKS**

By the present amendment, Applicants have amended Sequence 1 of the Sequence Listing so the nucleotides are shown in the 5'-3' direction rather than the 3'-5' direction as required when preparing a Sequence Listing.

As requested, Applicants have amended SEQ ID NOS: 1-3 to identify the source of the genetic material.

In order to comply with the requirements of 37 C.F.R. 1.821-1.825, Applicants are submitting herewith (1) a Sequence Listing in paper form; (2) a Sequence Listing in computer readable form (a 3.5" floppy diskette) in the ASCII format and (3) a statement (set forth below) that the paper form and the computer readable form of the Sequence Listing are the same.

In accordance with the requirements of 37 C.F.R. 1.821-1.825 the undersigned verifies that the paper form of the Sequence Listing and the computer readable form of the Sequence Listing are the same. No new matter has been added.

If any fee is due, including a fee for an extension of time, such an extension is hereby requested and the Commissioner is authorized to charge any such fee to Deposit Account No. 02-2095.

Respectfully submitted,
